

FIG. 1 is a block diagram of a video recording system 1. The system includes a set top box 6, a personal video recorder 2, and a television 4. The set top box 6 receives an input signal 12 and outputs a signal 14 to the personal video recorder 2. The personal video recorder 2 includes a hard disk drive (HDD) 8 and control circuitry 10. The personal video recorder 2 outputs a signal 16 to the television 4, which displays the video image.
